

ANNEX 1.2

PRELIMINARY EVALUATION REPORT  
FARM ON LAND ( ), NET CAGE FARM ( )

Date of arrangement .. /.. / ....

1. Information About the Applicant :

Name and Surname :  
Date of Application :

2. Information on the Application Site

Province/Town :  
Village :  
Location :  
Coordinates :  
Ownership :

a) Real person/Company      b) Treasury      c) Forest area      d) Other

3. Information on farmed species

Species :  
Quantity (tons/year) :  
Fry (ind./year) :

4. Information on water and water resource

Name of the spring :  
Name of the dam reservuar (\*) :  
Distance of spring to the farm :  
Estimated flow rate (lt/sec) (\*\*) : Min .....Max.....  
Water temperature OC :Min..... Max.....  
Mean: .....

Mean depth (m) :

Water levels (\*)  
Minimum (Month) :  
Maximum (Month) :

Iceing (for lakes and dams)  
Period covered with ice (\*) : from.....Till.....

Aquatic Organisms in water :

Usage Status of Water

(Irrigation, drinking, energy, etc.) (\*\*) :

Contamination status (if there is)

(Identification of pollutants) :

(add more info if necessary)

5. Information on the farming site

Distance to the settlement area (km) :

Risk of flood (\*\*) :

Road (asphalt-stabilized-soil) :

State of transportation

(#days the road is closed to transportation) :

Area used for aquaculture (m2) :

Purpose of use at present :  
Soil structure (clay-sandy-rocky) (\*\*) :  
Topographic state (slope, etc.) (\*\*) :  
How water reaches to ponds :  
(attraction, pump, channel etc.) (\*\*) :

If the facility is installed on land, a scale sketch of the land; Reservoir map or scale map for the lattice enterprises, the status of other facilities in the vicinity, their distances to each other will be indicated by drawing on the sketch or map,

CONCLUSION AND OPINION:

Inspectors (\*\*\*) :

Name and Surname	:	Name and Surname	:
Signature	:	Signature	:

(\*) : Lake, dam, sea  
(\*\*) : Farms and hatcheries on land  
(\*\*\*) : Minimum two experts

NOTE : Water analyse report should be attached
